The property is located in prime location on the private estate of Les Ferme de Val d'Isère and it has its own indoor swimming pool and hammam. This Chalet effortlessly blends the best of traditional chalet architecture with modern day sophistication to deliver an outstanding luxury chalet experience. If your requirements for a ski chalet holiday are traditional design, spacious living areas and bedrooms, en-suite facilities, swimming pool, steam room, open log fire, delicious food and wine served beautifully and modern entertainment systems then it delivers perfectly. Whether you are traveling with children or a group of adults, the Chalet will take it all in its stride.

### Layout

The design of the chalet incorporates copious amounts of wood and as soon as you enter the chalet you are cosseted by the calm and warmth of the chalet - exactly what you would expect a traditional chalet to offer. The size of the chalet is impressive for a five bedroom property. The second floor living room is dominated by the open fireplace and panoramic windows overlooking Val d'Isère and the surrounding mountains. The living area is open plan, with a separate kitchen. As you would expect from a chalet of this quality, the property boasts a comprehensive entertainment system plus Wifi throughout and TVs with Freesat in each bedroom. Above the living area, one bedroom occupies the whole top floor, giving the perfect place to rest your tired limbs, kept warm by luxuriously fluffy duvets. Of the other bedrooms, each is dominated by the warm wood, but each is distinct in its character. Three of these bedrooms are on the first floor including (arguably) the master room with its separate dressing area, well crafted bathroom and views towards the mountains. The fifth bedroom is on the ground floor, next to the wellness area. Relaxing after a day's skiing is a vital part of any ski holiday, and what better way than to take a relaxed swim in the swimming pool before soothing muscles and cleansing your skin in the steam room. Alternatively just sit back on a lounge and drift off in anticipation of a pre-dinner glass of champagne. There is a separate TV room on the ground floor which is a great place for children to play or for some of your party to enjoy a film. The ground floor is completed by the ski room with the heated boot rack making sure your boots are perfectly ready for the next day's skiing.

### Location

In the peaceful, private "Fermes de Val" area, the property is a 10 minute walk from the centre of Val d'Isère and a 8-10 minute walk to the Bellevarde Express lift - although driver service is just a call away!
